You been gone now almost a year and ask me to forget  
and forgive  
Later baby  
Catch you on the rebound  
Rebound  
You didn't even write me or drop me a postcard  
Now you want to come back and make a new start  
Later baby  
Catch you on the rebound  
Rebound  
Ooh you were the first love that i ever had  
But you been gone so long now i don't feel so bad  
Later baby  
Catch you on the rebound  
Rebound  
I was hoping and praying  
That I see the day when I could tell you to your face  
Later baby  
Catch you on the rebound  
Rebound
