It's a blue, bright blue Saturday, hey hey  
And the pain's starting to slip away, hey hey

I'm in a backless dress on a pastel ward that's shining  
Think I want you still  
But there may be pills at work

Do you really wanna know how I was dancing on the  
floor?  
I was trying to phone you as I'm crawling out the door  
I'm amazed at you, the things you say and that you  
don't do  
Why don't you ring?

I was feeling lonely, feeling blue  
Feeling like I needed you  
Like I'm walking up surrounded by me

A&E

It's a blue, bright blue Saturday, hey hey  
And the pain's starting to slip away, hey hey

I'm in a backless dress on a pastel ward that's shining  
They gotta watch you still  
But there may be pills at work

How did I get to accident and emergency?  
All I wanted was you to take me out high  
And I was feeling lonely, feeling blue  
Feeling like I needed you  
Like I hoped you'd call and hoped you'd see me
