What is her name
That caravan girl
What is her name

You like the sun
A hazy day
What is her name

We're just talking
Like there's something
Like you know
Don't you know
Don't you know

We run away, we run away you and me
You get away and bring on back
We run away, we run away you and me
You get away and bring it on back

The food and game
That stranger on the hill
What is her name

You like the sun
A lazy day
Have you no name

Don't stop talking
There's just something

Like you know
I'd like to know

Should I stay
Or should I go
It's a long, long way to go
But I want to know
Yeah I won't be shy

We run away, we run away you and me
You get away and bring it on back

We run away, we run away you and me
You get away and bring it on back

Wanna runaway
Wanna runaway
Don't bring it on back

Wanna runaway
Wanna runaway
Don't bring it on back

Wanna runaway
Wanna runaway
Don't bring it on back
