I'm waiting  
Longing for you  
One more night  
And then I'm gone

It seems so crazy how  
That we just only met but I know  
I am your visitor  
I'm on the other side of your wall

My whole world in light  
My whole world in light  
My whole world in light  
Head first in love

Thunder, lightning, then rain  
Imagine you lying here again

Try to get me outta here  
Try to get me back to you  
You were always on the line  
I was always in the end

My whole world in light  
My whole world in light  
My whole world in light  
Head first in love

Ohh, la la, la la la la  
La, la, la la  
La, la, la la  
My world in light

It seems so crazy how  
That we just only met but I know  
I am your visitor  
I'm on the other side of your wall

My whole world in light  
My whole world in light  
My whole world in light  
Head first in love

Head first in love  
Da, la, la, la, da  
My whole world in light  
Head first in love

Ohh, la la, la la, la la  
La, la, la la  
La, la, la la  
My world in light

Ohh, la la, la la, la la  
La, la, la la  
La, la, la la  
My world in light
