Adam: Is that boy balls going off on one again? Look, son, I told you before. It's all lies. Don't fuk'n listen to 'em clarts

Let me tell you a story about a mate of mine  
You'll have to bear with me I've had a bottle of wine  
His name's Adam Hussain and he's really alright  
He shagged a mongo in his car, late one night  
It was some time back in late '83  
Benny Blanco was his name and he came round to tea  
He made his excuses and went to the bog  
Xain found him outside, shagging the dog  
He's never been the same since that summer's day  
He lost his fuk'n head and thought he was gay  
We soon brought him round with a big fat blunt  
Then we showed him some pictures of a dripping c\*nt  
Dunlop. Greenflash. 13.99.  
Dunlop. Greenflash. They calls it LSD and it's fuk'n wicked man

If you need your fix, you know where to go  
Get on the phone to Benny Blanco  
He doesn't mind, even when he's with a whore  
He's the 'Port's drug ambassador  
He'll deliver to you, within the hour  
In his Patrick shell suit, sometimes with a flower  
In his collar, he looks fuk'n dollar  
And his eyes are quite similar to the Ayatollah  
I first met Hussain whilst pissed on a train  
He was off to Heathrow to catch a fuk'n plane  
I think he had a connection to organise the draw  
Cos he gave me three ounces and a photo of Roger Moore

He told me a story about a bird he shagged  
He took for a spin in a car he blagged  
They pulled into a lay-by and started getting busy  
He ripped off her pants and covered her in c\*nt jizzy  
She said to him, "you really make me hot,  
I don't even mind about the cock rot!"  
So he seized his chance and took a tricky brown  
But it all went pear-shaped when he took a look down  
There were loads of skid marks all over his seat  
They were white leather so they'd be there for weeks  
He blagged the car from his cousin in Aberdare

And when he gave it back there was shit everywhere  
Adam: There may be an element of truth there, right?  
Er, but most of it, it.. it.. it's fcuking lies. I swear to god,  
I never done nothing like that before  
Eggsie: Yous fcukings knows it. I am a fcuking robot. Is  
ams froms outers spaces. Is ams froms jus-pis-ters.  
Went to pick a man up in my fuk'n car  
There's a rave up in Wentwood, It's not very far  
We've got drugs and lager, we've been to the Spar  
House, techno, acid - there's even a bar  
Adam got fuk'd up, off his head on pills  
He got on the podium to show us his skills  
He dropped his can of lager and slipped in the mess  
And ripped down this fuk'n minging birds dress  
This minging bird said, "You make me cringe"  
Hussain' shoved his fingers up her minge  
He said, "My beer goggles are on but you're quite  
smart"  
"Come back to my place you fuk'n tart!"  
She kicked him in the bollocks and punched him the  
eye  
He said, "you still haven't given me a fuk'n reply"  
She said, "You'll never get me back to your place."  
So Adam pinned her down and shot his man fat in her  
face  
When I first met Benny Blanco he sold me the blow  
After bingo at the community disco  
He fingered, two mingers,  
And was making girls sniff his fingers  
Smoked bonges and drank Strongbow  
Went for a drive and shagged a mingo  
He's been bad, since the day he was born  
And he's got a huge collection of dog porn  
Adam: That fuk'n shit about shagging a mingo, that's  
not true, right? Are you trying to frame me, or  
something? Let me kick some fuk'n shit to you now,  
right guys...  
Some of it's lies and some of it's the truth  
I'm Benny Blanco and you got no proof  
The dog porn shit? It's all propaganda  
Although I seen some sick shit with an electric sander  
And a girl in a bikini called Miranda  
Giving it to a shitty dog, seal and a panda  
Went in HMV, to buy a DVD  
Of some oral sex - bestiality  
I couldn't get any, I was feeling quite forlorn  
Until I found this tape of dog porn  
When I got it home, it weren't my cup of tea  
But Eggsie had to have a w4nk cos it was free  
So call it the truth, so call it slander  
But I don't give a fuk cos I'm drinking Moet Chandon

I starred in a cock film called Black Mamba  
And I feels like Sean Connery that film, er, Highlander  
I'm Adam Hussain, alright? If you thinks I been  
shagging fuk'n animals, you'd be mistaken, like. But if  
you fuk'n thinks I have, I'll fuk'n shag you with that  
metal pig outside the market.  
Do... Do you read me over. I am a robot. You fuk'n obey  
bastard prick. Err
