### "Everybody Is A DJ"

*[Eggs]*

I, I think it's by Sasha Universe or somethin'?

*[Xain]*

Oh mate, you got any Jakarta?

*[Billy]*

Oh mate, do you know Synth and Strings?

*[Adam]*

Oh mate, have you got Eye of the Tiger?

Serious, it's gettin' serious

Serious, it's gettin' serious

Serious, it's gettin' serious

*[2Hats]*

Headphones on transfixed by the floor

Frosted ice that blocks the front door

Scrollin' through the playlist, found the right track

Bus flies by, time to take a step back

Run out of power so I look a bit sad

Not part of the crowd, feel like my own Dad

Pretending to listen, searching for the beat

Now it's comin' through the ground in the soles of my feet

*[Adam]*

Look out the window, decks for miles

Everybody is a DJ so check the styles

Turn around, like a record see them multiplied

Even laptops and ipods qualify

I'm on the crossfader, whatever your flavour

Cuttin' up like Darth Vader with a lightsabre

In the car or on the bus they're all havin' a go

There's even a DJ on the fuckin' radio

*[CHORUS]*

I woke up today, everybody was a DJ

Every motherfucker in the world was a DJ

DJ, everybody press play  
Every motherfucker is a DJ

*[Billy]*

You don't need skills no more to rock the parties  
All you need's some MP3's and a load of batteries  
Every Tom, Dick and Harry has a go  
But they mix like oil and water, they got no flow  
I see them faking it, I can spot a pretender  
Who fails to deliver, return to sender  
My vinyl don't weigh a tonne these days  
And if you believe what you hear even God DJs

*[Mystikal]*

Smoking vinyl joints like they was the chronic  
My dubplates move the crowd like they was tectonic  
Remember the formula it's a fucking neumonic  
If the tunes angelic then the beats demonic  
Rebel with the treble force my bass in your face  
Scratching beat matching mix my style with grace  
Listen to the beats keep your ears to the ground  
You're the lord of your own dance in stereo sound

*[Eggs]*

Everyone's a DJ so get in the mix  
You can't all spin the decks cause most of you are  
dicks  
Act like big fish but whose Finding Nemo?  
2 months ago you were all into emo  
I'm not slagging you for being diverse or because you  
got the money from your mothers purse  
You're the ipod superstar  
"Oh mate, have you got that Encore Une Fois?"

*[CHORUS X2]*

Serious, it's gettin' serious  
Serious, it's gettin' serious  
Serious, it's gettin' serious

*[CHORUS X2]*

*[Xain]*

Last night made the bass feel so real  
Me and Fatboy Slim on the wheels of steel  
In the club, in a rave or a ringtone  
I'm the playlist on your new iphone  
1000 watt speakers up the woods in Wales  
I'm a 1 man sound system just like Gary Clails  
Woke up this morning, put on my mix machine  
Mashed up all the beats so it must have been a dream

*[CHORUS X2]*
