On The Radio

Big up to anyone who's been involved in care &  
community

'Cos it's the GLC back again

With another rave anthem for you to feast on, ya  
bastards

I nick stereos, videos and TVs

But when I'm feeling nice I helps cats out of trees

I'm really nice but you don't know that

Because I'll beat you up, cos you look like a tw@t

Nicked a car in the day, driving real fast

Went out to Risca for a quick fcuking blast

When I've finished my run, it's back home for buns

With my mum and her mates, watching re-runs

By day I sells draw with my mates you see

But at night I likes to watch romantic comedy

I likes to watch Friends and Cheers and Frasier

But during the day I might cut you with a razor

You know I likes hip-hop, you know there's no stopping

But I gotta go, to take my nan out shopping

During the day, I gotta clean the house

But you knows I can sort you out with an ounce

If you see me in town, it's drug money I'm exchanging

But when I'm at home, I'm mainly flower arranging

I likes the yellow daisies and the red roses too

But when I've finished that, it's back to sniffing glue

I watch TV in bed, it really is perfection

Then I w@nks over my stamp collection

'Cos that's what I does when I gets home

'Cos the Queen's fcuking head gives me a big fcuking  
bone

You might be hard, even harder than me

But I bet you can't look after a fcuking Bonsai tree

Had a fight with some kids, and we kicked their as\$

Then I took my kid sister to a ballet class

Every beating I does

No matter how hard it is, no matter how many people I  
wreck up

I always cleans up the blood off my hands and trackie  
afterwards, innit

Here we go, Benny Blanco

I lives up my nan's, I told you all before

She's not very rich, in fact she's fcuking poor  
Not 'cos she blew it on fags and a blow  
But she's addicted to fcuking Bingo  
I takes her there every Tuesday night  
Then it's off to Voodoo's for a fight  
I picks her up around half-past four  
And then we goes home and smokes a draw  
My nan's wicked, she likes toking blow  
Sometimes we watches the Antiques Roadshow  
I nick stereos, videos and TVs  
But that's what you do when you're in the GLC  
During the day I do the shopping for my mum down at  
Spar  
Just so I can borrow my dad's fcuking car  
When I goes out, I does a Ritzy's run  
And when I gets home, I cutches my mum  
Sometimes I go shopping in Matalan's  
If the day's nice, I'll take both my nan's  
I push 'em round in a wonky old trolley  
Then I start to hit 'em with a broolly  
'Cos you see I'm not nice all the time  
But when I smokes a mix I feels quite fine  
On Saturday night I goes fighting in Cwmbran  
Then on Sundays I help my mum make some jam  
At 6, I goes out for a drink and a fag  
By 8, I'm horned-up and I'm up for a shag  
By 10, I'm wrecked up and I pukes on my jeans  
At 12, I goes home to use the washing machine  
Yeah you knows it, it's the fcuking GLC,  
Benny Blanco, fcuking Adam Hussein, you knows it,  
Fcuking Mike Balls, Raphael, innit  
I nick stereos, videos and TVs  
My name is Mike Balls and I'm like a disease  
I'll fcuk up your insides and bring you down to your  
knees  
But when I threaten you with violence, I say thank you  
and please  
Who's that man in the window pane  
He's looking really fcuking crazy, I think it's Adam  
Hussein  
He beat up loads of kids on their way home last night,  
Cooked up some dinner and was really alright  
I think he's not bad in his own kind of way  
But if he doesn't like your face he'll beat you up 'cos  
you're gay  
I nick stereos, videos and TVs  
I love being a Clart, it's great to be me  
Get with us, be one of the GLC  
'Cos you knows it's us that you wanna be  
Our crew is growing nearly every fcuking day  
So get with us and don't be a fcuking gay

I stack shelves at night, help my gran pay the bills  
But I gotta make sure that she takes the right pills  
Myra Hindley and Ian Brady,  
Those two have got nothing on my old lady  
She's quite hard and she'll kick me in  
So I've gotta clean up the rubbish and put out the bin  
I got caught with the drugs, so now I'm in rehab  
And now I'm thinking of my nan in a prefab  
My name is Mike Balls and it's true what they say  
I'm the hardest man in soccer violence around this way  
I beat 50 people up, I'm just fcuking insane  
I only visit my nan so she can polish my chain  
She gives me a tenner to get her the draw  
I don't know why she does 'cos I know she can score  
She goes into Ringland to a guy named Del  
And on Pension day she buys some fcuking Speed as  
well  
...Took my gran shopping on Monday,  
Took my gran shopping on Tuesday,  
Took my gran shopping on Wednesday, Thursday,  
Friday, Saturday  
Chilled on Sunday [repeats]
