Like Michael Jackson's thriller, I'll give you a fright

Hello to the darkness, goodbye to the the light

Hiphop vampire...you take a shite

Welcome to my world of maggot at midnight!

M a g..g o t, m a g..g o t, m a g..g o t, thats all you
need! the maggot mc

Under the moonshine gleam my shadow casts out

Spreading from the original *something* around the
crowd

Teenage virgins scream as my fingers spread out

And watch newport town whilst *someones* about

Slide through windows and creeping through doors

Nick yer sisters underwear, whats mine is yours

They'll never catch me, I'll take a shit on the floor

The maggot goes at midnight, like a blowie from a
whore

Can I get a fucking yeah yeah? (yeah yeah!)

Can I get a fucking yeah yeah? (yeah yeah!)

Can I get a fucking yeah yeah? (yeah yeah!)

Can I get a..you knows it bra!

(x2)

Hes the maggot, (whoop whoop!) no pal of mine!

Lubing up my fingers, i'll stick them inside
Hes the maggot, (yes son!) like colonic irrigation
Public enemy number one, relieving constipation
Hes the maggot, (rude boy!) into drugs and sex
Scamming postal orders and forging cheques..
Hes the maggot, (hold tight!) like Jeckyll and Hyde!
Leave em on love, I'll just pull em to the side
M a g..g o t, m a g..g o t, m a g..g o t, thats all you
need! the maggot mc
I'm the maggot, the maggot, the prince of doom
I'm the hip hop vampire when i sees a full moon!
Hes the maggot, beware of his gaze
I look a bit like the bloke from the crystal maze
I'm fierce, I use different disguises
Got access to back accounts of various sizes
Blood on the cross, the candle's alight,
The hiphop vampire, maggot at midnight!
Can I get a fucking yeah yeah? (yeah yeah!)
Can I get a fucking yeah yeah? (yeah yeah!)
Can I get a fucking yeah yeah? (yeah yeah!)
Can I get a..you knows it bra!
