To All The People

To all the seat slashers traveling on Newport transport

To all the shoplifters banned from the town centre

To all the draw dealers under surveillance by the  
authorities

To all the bad boys carrying concealed weapons

To all the kids smoking fags at break-time

To all the people who got a producer for driving  
offences

To all the people traveling on trains without paying,  
pretending to be asleep or hiding in the toilets

To all the acid casualties down St. Caddacks

To all the people down Wetherspoons on a Monday  
drinking a fukin' pound a pint, aw wicked

Respect to the chip butty crew
