Red old eyes, now where you from
Catch me every day
Colours hide not even song
It's all been washed away

Sun stop going down
Come out again
Stop fading out
Awake again

Sun stop going down
Stop going down

Blues old face, you finally come around
Talking in your sleep
Buried secrets and fiery showdowns
Lost days inbetween

It's all the same
Let it go before it gets too late
Don't play our game

Sun stop going down
Come out again
Stop fading out
Awake again

Sun stop going down
Stop going down X2
It's all the same
Let it go before it gets too late
Don't play our game

Sun stop going down
Come out again
Stop fading out
Awake again

Sun stop going down
Stop going down X4
