I was always told that you had to have the balls to
breakdown
Now I'm older I'm not too sure
I was once told that you had to have a high to lowdown
An expert told me back in the war

Broken hearted surgery never works
So eat your words or hide them in the dirt

Raise up the anchor baby, why do we have to get way
down?
Way down
Raise up the anchor baby, why do we have to get way
down?

I was always told that you had to have the balls to
breakdown
Now I'm older I'm not too sure
I was once told that you had to have a high to lowdown
An expert told me back in the war

Broken hearted surgery never works
So eat your words or hide them in the dirt

Raise up the anchor baby, why do we have to get way
down?
Way down
Raise up the anchor baby, why do we have to get way
down?

'Cause I don't need nobody to know me
I don't want nobody to know

I don't see nobody to show me
