Good bye Lauren Lee, my precious Lauren Lee has
gone
Gone so far away, now won't be back today or
tomorrow
Good bye Lauren Lee, my precious Lauren Lee has
gone out

But is he away with the fairies, is he away with me?
Take him away, it's free, I play anywhere I choose
Did he get into the sequel, how is Leno these days?
Take it away, 'cause I don't care whether we win or lose
Yeah, whether we win or lose

All my chips are down, my precious chips are almost
gone
Find a better caller, dealer man without a son
Put it all on one, I feel like number one is on now

But is he away with the fairies, is he away with me?
Take him away, it's free, I play anywhere I choose
Did he get into the sequel, how is Leno these days?
Take it away, 'cause I don't care whether we win or lose
Yeah, whether we win or lose

Good bye Lauren Lee, my precious Lauren Lee has
gone out

Yeah, whether we win or lose, whether we win or lose
Yeah, whether we win or lose

Is he away with the fairies, is he away with me?
Take him away, it's free, I play anywhere I choose
Did he get into the sequel, how is Leno these days?
Take it away, 'cause I don't care whether we win or lose
Yeah, whether we win or lose
