Gonna take that medicine, the cold, cold medicine  
Make me what I am  
Gonna go down steady, gonna get my measure  
I got credit with the medicine man

Said I'm on fire, I'm on fire

Well he makes the medicine and he take credit  
When he puts it in my hand  
Gonna go down steady, gonna get my measure  
I got credit with the medicine man

Said I'm on fire, I'm on fire

Rie's car running me over, but I don't mind  
Rie's car driving me homeward, 'cause I don't drive

Rie's car running me over, but I don't mind  
Rie's car driving me homeward, 'cause I don't drive

Well I'm smoking in bed again, I didn't get the scent of  
it  
I should be up by ten  
Gonna go down steady, gonna get my measure  
I got credit with the medicine man

Said I'm on fire, I'm on fire  
Said I'm on fire, I'm on fire  
Said I'm on fire, I'm on fire  
Said I'm on fire, I'm on fire

Rie's car running me over, but I don't mind  
Rie's car driving me homeward, 'cause I don't drive  
Rie's car taking me over, but I don't mind  
But I don't mind  
But I don't mind  
But I don't mind
