Rosemary's the kind of girl
Who need no reason
She's the kind that just won't
Settle down

Rose are out of season
She'll be done for treason
She'll be hanging from a tree
Upside down

Fever, fever
Where you tryin' to run
Fever, diva
Rosemary is not done

Well...
Rosemary's the kind
Tired of her beauty
She has taken all her
Barriers down

So you best believe her
The girl will give you fever
She's the kind to heat you up
And cool you down

Fever, fever
Where you tryin' to run
Fever, diva
Rosemary...
She's not done
Not done
Done
