I couldn't tell  
The weight of the world  
Was on your shoulders  
Couldn't tell you were unhappy  
You were unwell

I go along like nothing is wrong  
No need to worry  
Too late to feel sorrow  
Upon borrowed time

And now there's no answers  
No easy way out  
Take it all if you want  
Take it all if you want

If you know how to run  
Sweet Virginia, you should run  
If you know how to play  
Sweet Virginia, you should play

If you know how to say  
Sweet Virginia, you should say  
If you know how to be  
Be without me, you should be  
You should be

I couldn't see  
It seems I don't learn  
Or get the message  
Don't know you you carry  
It all by yourself

How can it be  
It doesn't belong  
It's so not funny  
This vintage of violence  
Again on parade

And now there's no wonder  
No shelter from shame  
Be alone if you want

Be alone if you want

If you know how to run  
Sweet Virginia, you should run  
If you know how to play  
Sweet Virginia, you should play

If you know how to say  
Sweet Virginia, you should say  
If you know how to be  
Be without me, you should be  
You should be

If you know how to run  
Sweet Virginia, you should run  
If you know how to play  
Sweet Virginia, you should play

If you know how to say  
Sweet Virginia, you should say  
If you know how to be  
Be without me, you should be  
You should be
