(It's 7 oh 7 pm)

Won't you set me up and show me how, it's gettin' late
All these people around me wear me out, can't
concentrate

But it's all too nearly, leave us in the town
For today everybody's gettin down
Caught in a crossfire, nobody cares
Under the table, callin' your name

Won't you tie me up and seal my mouth with gaffer
tape
Cause these people around, people all the time,
It's not the same, not the same

But you're certain, nearly, leave us in the town
Don't walk away, everybody's gettin' down,
everybody's gettin' down
Caught in a crossfire and nobody cares
Under the table and callin' your name
Your champagne and perfume, I see you again, see
you again

Everybody's gettin' down
Everybody's gettin' down
Everybody's gettin' down
Everybody's gettin' down

Everybody's gettin' down
