We came, we came, we came again
To stem the tide and point the blame
Came back from more
Came back to see what you had in store
Everyone join the line, everyone
Yeah

So you wanna spin the world around?
So you wanna spin the world around?
And anybody else, cut 'em down

So you wanna make catastrophe?
Won't you send it right over to me
I got some time
Everybody running high

The same, the same, the same again
To steal the time and haunt the graves
Just because it's there
Don't mean you see it anywhere
Maybe it's a trick of the light
Maybe, yeah

So you wanna spin the world around?
So you wanna spin the world around?
And anybody else, cut 'em down

So you wanna make catastrophe?
Don't you send it right over to me
I got some time
Everybody come alive

Yeah
So you wanna spin the world around?
So you wanna spin the world around?
And anybody else, cut 'em down

So you wanna make catastrophe?
Don't you send it right over to me
I got some time
Everybody running high

So you wanna spin the world around?
So you wanna spin the world around?
And anybody else, cut 'em down

So you say we haven't turned around?
So you say we haven't turned around?
Just everybody else is going wrong
Going wrong
