I'm gonna walk  
I'm gonna walk down to the sea  
And then I'll swim  
Then I'll swim until I see you  
I'm going to a place that winds  
And I'll climb a mountainside  
And I'll be there  
I will be there just in time

Wham bam!  
I hope to meet you  
Wham bam!  
I hope to meet you, baby  
Goddamn!  
I hope to meet you  
Wham bam!  
I'd like to thank you, ma'am

Well, alright

I'm gonna crawl  
I'm gonna crawl down on my knees  
And like a snake  
I'm gonna slither through the reeds  
I'll leave a trail  
Yeah, I'll leave a trail of chimes  
And if you see me  
If you seek then you will find

Wham bam!  
I'm gonna meet you  
Wham bam!

I'm gonna meet you, baby  
Goddamn!  
I'm gonna meet you  
Wham bam!  
I'd like to thank you.. ma'am

Well, alright

I'm gonna dig

I'm gonna dig until I bleed  
I'll get so deep  
Get so deep, I'll plant my seed  
I'm gonna mine  
I'm gonna mine 'til I'm out of time  
But when I strike  
Yeah, I'll strike and then we'll find

Wham bam!  
I'm bound to meet you  
Wham bam!  
I'm bound to meet you, baby  
Goddamn!  
I'm bound to meet you  
Wham bam!  
I'd like to thank you, ma'am

Well, alright  
Well, alright  
Well, alright
