Hello my friend
How long have you been dying
To start out again
Lets turn around and see the truth for once ?
See what you are trying for

Now where ya goin?
Now where ya goin?
Meet me now
Where ya goin?
Cause everyone will follow you
Where ya goin?

Where ya goin?

Hello my friend
I'm seeing new horizons
I'm dreamin of the end (?)
Lets burn it down and spread the ash around
Nothin here to guide us

Now where ya goin?
Now where ya goin?
Lead me now
Where ya goin?
Cause everyone will follow you now

Yeah you should be dancin'
If you have the chance that
Is what we all will be doin'
Yeah into the future
Cut it all loose now
Instead you hold a steady line

It's not the answer
Will you take a chance on
What we all should be doin' here

So many to lean on
Isn't my own reason
To why you hold the steady line

Now where ya goin?
Now where ya goin?
Leave me high
Where ya goin?
Cause everyone can take it on
Can take it away if they want to
