Heaven knows how I am here with you
And heaven knows where this is leading to
After all the heartache I've been through
I won't give up on Love

Could have been the way you said 'hello'
Could be something deeper, I don't know
Certain I don't want to see you go
So don't give up on Love

Breathe, and breathe me in
Bless me with your honesty
Your gift for seeing how it is

Will we share this waking mystery?
Walk together, feeling found and free
Face the unhealed space in you and me
And not give up on Love?

I breathe, and breathe you in
You bless me with your honesty
Your gift for telling it like it is

Heaven knows how I am here with you
And heaven knows where this is leading to
But after all the heartache we've been through
Let's not give up on Love

After all the heartache I've been through
I won't give up on Love
On you...
