Red Light, Green Light, Go

I'm watching red lights as they're fadin'
On the plane she is takin'
Feeling so forsaken
Standing alone

With all the hopes we were floatin'
On the ground now, crushed and broken
And the sorrys left unspoken
To never be known

Red light, green light, go

Reaching out for the comfort of another soul Reaching
out from a feeling that I've often known
All I want is a lover who will share the road Better get
used to it
Speak from the truth of it

Stop watching red lights as they're fadin'
On the plane she is takin'
Feeling so forsaken
Standing alone

With all the hopes we were floatin'
On the ground now, crushed and broken
And the sorrys left unspoken
To never be known

Red light, green light, go

Into the arms and the charms of another love Someone
new who may finally turn out to
Be enough for me
See the man, understand, what he's all about
Take my hand, no demands
Only living in harmony
Loving me honestly

Not watching red lights as they're fadin'
On the planes they keep takin'

Feelin' so forsaken
Standing alone

With all the hopes we were floatin'
On the ground now, crushed and broken
And the sorrys left unspoken
To never be known

Red light, green light, go
