So I see your bloody destiny/destiny  
Deep inside my soul/my soul.  
You will fuck the crucifix/the crucifix  
Getting right pervers/pervers

Show me unrestrained your body now.Your body now  
I would like to see your ass/your ass.  
I will fuck them everytime/everytime  
With a prickly crucifix/crucifix.  
I'll fuck your bloody hole.  
I spite the blood into your screaming mouth.  
I'll, bite off your bloody clitoris.  
I, cut up your covered with blood labial

I, will bite your nipples bloody.  
I, will cut your tits in slices.  
I, will smash your head with an axe  
to fuck you into your bloody neck.
