In the night of misery  
I'm going through the dark forest.  
The forest which is called "Black Hole"  
Where demons are home.

Dismembered corpses are lying  
on the way.  
Shrinkheads are hanging from the trees

Eyes are flashing between the trees  
Screams be heard far away.  
The full moon is show me the way  
But he's shining red like blood.

Shadows with flashing eyes  
are hunting me.  
A demon bites me in the neck  
And he takes me down.

I open my eyes  
and i see darkness force.  
A demon like a wolf

Is sitting on a throne.  
His bloody mouth  
Is greedy for flesh.  
He said to me  
"Your brain is the best for me".

They smash my head  
And they sucks my brain.  
They cutted my body  
They eat my heart.  
They drink my blood  
And they eat my guts.  
My soul rises  
To the bloody moon.

In the night of misery  
I have lost my live.  
The forest which is called "Black Hole"  
There is now my mind.

My flesh lies on the way  
Beside other corpses.  
My head is hanging  
from the throne
