Deepest past and far from here
There was a town.
This population had more sex
Than everywhere.

Nymphomaniacs are living there
And they can't get enough.
They suck out
All the virility.

Chorus: Gomorrha ,name of the death.
Gomorrha ,name of sodomy.
Pain ,Torture ,Hate.

Some days ,all husbands
Get a thrash to make sex
But they had no strength.

They become pained.
They become tortured.
After that almost all husbands die.

Chorus:
The Women would like more
Sex like sodomy.

It's dreamlike to fuck sheeps.
They want no miss,all kinds of sodomy.

All remaining men found a squad
To take revenge on the mistress.
They will defeat all women
With their own addiction.

They cut off the penis
From all horses to fuck.
They will fuck all bitches
Until they will die.

Chorus2: Gomorrha ,name of the death.
Gomorrha ,name of sodomy.

Incessant pushes and tortures
(fight) again their own addiction.
Suffer on their lechery.
Toture they will die.
Chorus:2
