If you will go to the dead
You must leave your soul.
Devil is enter your head
He kidnap's you soul.
You know it's a painfull way
The way you will go to dead.
But no chance to survive
It is to late for you.

Die by head.Satan takes you
Satan isTo a place
In your mind..... The place of hell.

Satan has sucks you soul.

The soul which means you live.
He gives you other dreams
In this dreams you will die.
You have a lot of fun
Fun without you soul.
Dying without pain
This is the way to the dead.

As a cruelty miktige decay.

Belief on your mind.
Only your mind.
Allover your mind.
Everywhere.

Peace is destroyed.
Deep inside.
You lost your live.
Forever.
