Visit "[Triggered](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Death and murder, sex and rape  
Blood and slaughter, mindless hate  
Incessant, violent, saturate  
Fear and loathing, spite and greed  
Insane, cruel, psychotic breed  
Gore soaked anger, watch them bleed

Set the trigger, sit and wait  
Life and fiction integrate  
Feel compelled to imitate  
Mind now set, plans I make  
What I've seen I cannot fake  
Reject conscience, life I take

Feelings latent  
Growing, breeding

I see, I hear, my way

Death and murder, sex and rape  
Blood and slaughter, mindless hate  
Incessant, violent, saturate  
Mind no set, plans I make  
What I've seen I cannot fake  
Reject conscience, life I take

I see, I hear, my way

Feelings latent  
Growing, breeding
