Too weak to stand crawling in this darkened place  
Of my being there is no trace  
Hnad of wrath it greets my pain  
Tyrant kin still holds the reins  
This famine soil sees this flower spoil

Enshrouded in darkness  
Every sound now strikes fear  
Alone in my kingdom, no one knows that I'm here  
No clues given in this unlit tomb  
Bizarre extension to my bearers womb  
Open my eyes that lie here drowning in tears

Open my mind to the long lost years  
Tormented silence somehow beckons my dreams  
Perpetual anguish, how fruitless it seems

Incarcerate... Void existence  
Disregard... Non entity  
Experiment... No resistance  
I'll never find tranquillity

Glaring eyes are hounding me  
Not understanding what they see  
In an attempt to reimburse  
Presenting me an empty purse  
Blinded by the mystery  
A testament to atrophy

Incarcerate... Void existence  
Disregard... Non entity  
Experiment... No resistance  
I'll never find tranquillity

Living by the rules that my wisdom permits  
Under the guidance my senses remit

No light to reach for, there's no reason to doubt  
No hope I can will for and no reason to shout  
Open my eyes that lie here drowning in tears

Open my mind to the long lost years

Tormented silence somehow beckons my dreams  
Perpetual anguish how fruitless it seems

Joy of knowledge, I'll never taste  
Potential mind has gone to waste  
With their test they'll apparently  
Recuperate my infancy  
Inculcated with nature's way  
No common ground on which to sway  
Born again immaculate  
Petrified inanimate  
Innocence whiter than snow  
Pure to a world I'll never know
