I take a look, into the night.  
Darkness everywhere, no stars on the sky.  
Far from here, there is a light.  
But everything is ablaze, this is the hell.

In the name of satan and hell.  
You will stearing through the eyes of the death.  
You will see a history like a dream.  
You will see the place where the angels die.

Open your eyes and take a look behind your brain.  
Look into another world.

Going through a darkness night  
No stars on the sky.  
The full moon show's you the way  
To the end of the earth.  
He's shining red like the

Blood in you soul.  
It's the best atmosphere  
For a journey through the wood.

Far from here you will see a light.  
A glaring illumination at the end of heaven.

Demons are dancing in/around a circle  
In the middle is a fire.  
Angels are hanging over it  
To grill the like a pig.  
Their wings are ablaze.  
Their bodys are burned out.  
This is the place  
Where the angels die.

Suffer in your head.  
Blood is in your eyes.  
Darkness in your brain.  
You have lost your soul.
