Smile souling, my love, my hope,
She is my souling forever. Oioh Oioh.
Every morning I feel happiness
Oh souling we'll always be together.
My souling, my love.
One heart, one love, my hope,
She is my souling forever.
My souling, my love.
Little one, little sky
Play and jump
Give me your hand and dance,
And dance, oiooh.
Smile souling, one heart,
Oh souling we'll always be together (daddy, I love you)
Smile souling, my love, my hope,
She is my souling forever. My souling, my love.
One heart, one love, my hope
We'll always be together.
My souling, my love.
Little one, little sky
Play and jump
Give me your hand and dance,
And dance, oiooh.
