South American man
Open your heart and feel
South American man
Open your eyes and see
South American man
Break the chains of mental slavery
South American man
Get ready for this perfect love
That shines from above

I and I are the lion
I and I have no one to fear but Jah
Kingdom is here
We are all Selassie's children

South American man
Got to know your history
South American man
Feel the blessing of his majesty
South American man
Mounth Zion is your destination
South American man
We're gonna sing a song of redemption
South America is a blessed land
Touched by the hands of the almighty one
We're gonna chase crazy baldheads
Out of the town now
So I and I can be free
Because

Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
All over the earth and the universe
All over the earth and the universe

Whether you come from south America
Whether you come from Africa
Whether you come from any corner of the world
We're all Jah Jah children

South American man
Open your heart and feel
South American man
Open your eyes and see
South American man
Mount Zion is your destination
South American man
We're gonna sing a song of redemption

I and I are the lion
I and I Have no one to fear but Jah
Kingdom is here
We are all Selassie's children

I know
Jah Jah liveth and reigneth
Ohh
Jah Jah liveth and reigneth
South American man
Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
Ohh
Jah Jah liveth and reigneth
Forlva
Jah Jah liveth and reigneth
Ohh
Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
Jah Jah liveth and reigneth
