

Gone 'Til November "California"

On a lonely day
I look out on the freeway
And I can fantasize 'bout the car I drive
Don't need the light on
I can find my way
It's been so long now I have to say

I'm going to California
Gonna live the life
Sippin on tequila night after night
Dreamin of the moment when everything is right
A little bit of love goes a long way tonight

I'm on my way
Heading for the sun
That's where I'll stay
Never going back home
Do you ever feel like you need a change
Hang out where no one knows your name

I'm going to California
Gonna live the life
Sippin on tequila night after night
Dreamin of the moment when everything is right
A little bit of love goes a long way tonight

Would you like to meet me there
We'll be dancing on the sand
These days will never end
They'll go on and on and on

On a lonely day
I look out on the freeway
And I can fantasize 'bout the car I drive
Don't need the light on
I can find my way
It's been so long now I have to say
It's been so long now I have to say...

I'm going to California
Gonna live the life
Sippin on tequila night after night

Dreamin of the moment when everything is right
A little bit of love goes a long way tonight
