I can't wait another day  
I'm fading in the rain  
It kills me that I care  
You cut me like a razor blade  
You can see the pain  
It's written on my face

What did you think  
I'm just another fling  
I didn't mean a thing to you

Here's your goodbye lullabye goodnight  
Shut your mouth hush don't you cry  
It's too late 'cause now I'm gone  
And there's no more you and I

All you touched in me you tore  
You cut me open raw  
I've never been so low  
Held me down until I drown  
Now how you like me now  
I left you high and dry

What did you think  
I'm just another fling  
Now it's too late for you  
Were through

Here's your goodbye lullabye goodnight  
Shut your mouth hush don't you cry  
It's too late 'cause now I'm gone  
And there's no more you and I

Never gonna wanna pick you up  
Never gonna hold you when you fall  
Never gonna save you from the drama that you cause  
Never gonna wonder where you are  
As long as it's far away from me  
Now I got to end it all goodnight

Here's your goodbye lullabye goodnight  
Shut your mouth hush don't you cry

It's too late 'cause now I'm gone  
And there's no more you and I

Here's your Goodbye lullabye goodnight  
Shut your mouth hush don't you cry  
It's too late 'cause now I'm gone  
And there's no more you and I

It's your goodbye lullabye
