If you heard the voices in my head  
Would you really listen  
If you saw the hole that's in my heart  
Would you wanna fill it up  
If I was hiding in the dark  
Would you wanna rescue me

Kiss me come on

I just wanna melt with you  
Don't let me burn alone tonight  
There's nothing I won't do for you  
It's you or die  
Do it now  
Hold you down  
I Melt with you

If I told you once upon a time  
Would you wanna touch me  
If I asked you about tomorrow  
Would you just walk away  
If I told you I can't eat or sleep  
Would you wanna chill me out

Kiss me come on

I just wanna melt with you  
Don't let me burn alone tonight  
There's nothing I won't do for you  
It's you or die  
Do it now  
Hold you down  
I Melt with you

I just wanna melt with your arms around me  
Is it too much to ask for  
I just want it all, I just want it all  
I can't stand it anymore

Kiss me come on

I just wanna melt with you

Don't let me burn alone tonight  
There's nothing I won't do for you  
It's you or die  
Do it now  
Hold you down  
I Melt with you
