Is this just a dream we're in
Or is this for real
It seems like a scheme was hidden
And agendas were concealed
I was young and afraid
And a tad bit too late
And I procrastinated with you
And I don't give a damn
About that other man
Cause he can't make you feel like I do

We had a date
It was great, we were fashionably late
So if you really love me
Why you always leavin' by the back door

Showed you all my secrets now
Whispered wild fantasies
You took my head and spun it out
I'm unraveled on my knees

Ask one time too many
No problem, let me be
I took you for granted

You're gone and I'm stranded

We had a date
It was great, we were fashionably late
So if you really love me
Then why you always leaving by the back door
The back door

We had a date
It was great, you had me prayin' that you'd stay
(Original lyric: It was great, you had the marinated
steak)
So if you really love me
Why you always leaving by the back door

The back door

I was young and afraid
And a tad bit too late
And I procrastinated with you
And I don't give a damn
About that other man
Cause he can't make you feel like I do
