'Won't Look Back' by Brian Benham

Things were so great, trade winds came and blew it all  
away

Here's the difference in you and I, you and me babe  
I'm OK with change, you never will be

Maybe the way things have to be  
Is just the way, things have to be

It don't run any deeper than that  
I don't owe anything I won't look back  
It don't run deeper, I won't look back

Meant every word I've said  
I'm through with you and the twisted game you were  
playing  
Here's the difference in, you and I, you and me babe  
I'm OK with change, you never will be

Maybe the way things have to be  
Is just the way, things have to be

It don't run any deeper than that  
I don't owe anything I won't look back  
It don't run deeper, I won't look back

If you wonder where I am  
You can look me up on a glowing screen  
Cause I'm always here for you to see  
But for me you'll be forever gone

Maybe the way things have to be  
Is just the way, things have to be

It don't run any deeper than that  
I don't owe anything I won't look back  
It don't run deeper, I won't look back

I won't look back

It don't run deeper

I won't look back
