I wish I had a saxophone
I'd play the blues 'til you came home
With a little sadness in your eye

Now that all my time was spent
In the walk that heaven sent
Thinking 'bout all the nights you cried

Had a certain passion
And I had surly dreams
A look of vicious actions

Don't close your eyes to me
Don't close your eyes to me
Oh don't close your eyes to me
Don't close your eyes to me

I wish I had a camera lens
To film the things my mind had said
Before they reached my mouth and got all bad

Looking at the skies of blue
All day long I think of you
Even after all the shit we've been through

Had a certain passion
And I had surly dreams
A look of vicious actions

Don't close your eyes to me
Don't close your eyes to me
Please don't close your eyes to me
Don't close your eyes to me
Oh don't close your eyes to me
Close your eyes to me
Close your eyes to me
Eyes to me
Close your eyes to me
Don't close your eyes to me
Close your eyes to me
Close your eyes to me

Don't close your eyes to me
Eyes to me
