You're cynical and beautiful  
You always make a scene  
You're monochrome delirious  
You're nothing that you seem  
I'm drowning in your vanity  
Your laugh is your disease  
You're dirty and you're sweet  
You know you're everything to me

Everything you are  
Falls from the sky like a star  
Everything you are  
Whatever ever you are

I wanna kick at the machine  
That made you piss away your dreams  
And tear down your defenses  
Till there's nothing there but me  
You're angry when you're beautiful  
Your love is such a tease  
I'm drowning in your dizzy noise  
I wanna feel you scream

Everything you are  
Falls from the sky like a star  
Everything you are  
Whatever ever you are  
Instrumental:

Everything you are  
Falls from the sky like a star  
Everything you are  
Whatever ever you are

Everything you are  
Whatever ever you are  
Whatever ever you are  
Whatever ever you are
