1, 2, 3, 4!

Look around this dirty town
Drink it up till we fall down
Don't want to live forever this way
But it's gonna have to do for today

Oh, I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be

Before that hurried call
I had my back against the wall
No, don't want to be shown
Go out and learn your own

Oh, I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be

1, 2, 3, 4!

Before that hurried call
I had my back against the wall
No, don't want to be shown
Go out and learn your own

Oh, I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be

I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be
I'm addicted - as I want to be
