Let Love In
(John Rzeznik/Glen Ballard/Greg Wattenberg)

You wait, wanting this world
To let you in
And you stand there
A frozen light
In dark and empty streets
And You smile hiding behind
A God-given face
But I know you're so much more
Everything they ignore
Is all I need to see

You're the only one I ever believed in
The answer that could never be found
The moment you decided to let love in
Now I'm banging on the door of an angel
The end of fear is where we begin
The moment we decided to let love in

I wish
Wishing for you to find your way
And I'll hold on for all you need
That's all we need to say
I'll take my chances while
You take your time with
This game you play
But I can't control your soul
You need to let me know
You leaving or you gonna stay

You're the only one I ever believed in
The answer that could never be found
The moment you decided to let love in
Now I'm banging on the door of an angel
The end of fear is where we begin
The moment we decided to let love in

There's nothing we can do about
The things we have to do without

The only way to feel again
Is let love in

There's nothing we can do about
The things we have to live without
The only way to see again
Is let love in

You're the only one I ever believed in
The answer that could never be found
The moment you decided to let love in
Now I'm banging on the door of an angel
The end of fear is where we begin
The moment we decided to let love in

Feel The Silence
(John Rzeznik)

You lie awake at night
With blue eyes that never cry
All you remember now
Is what you feel

The truth remains
In midnight conversations
I asked for this moment
But you turned away

Sad like a lonely child
Broken the day you're born
I held the light to you
But I was so vain

And you remain
A promise unfulfilled
I ask you for more
But you push me away

And if we feel the silence
Holding this all inside
Everything means more now than
Words could explain

And if we feel the silence
Holding this all inside us
Looking for something more to say
I don't know where I'm going
Only know where I been
But you move through my soul like a hurricane wind
We've been so lost for so long

I don't know how to get back again
And we're drowning in the water
That flows under this bridge
When you're fighting the current
You forget how to live
And I wanted to reach you but I don't know where to
begin
And you remain
A promise unfulfilled until today

And if we feel the silence
Holding this all inside
Everything means more now than
Words could explain
And if we feel the silence
Leaving this all behind us
When it's gone what will you say

How do we hold on
How do we hold on
How do we hold on
How do we hold on
How do we hold on

You lie awake at night
With blue eyes that never cry

Better Days
(John Rzeznik)

And you asked me what I want this year
And I'll try to make this kind and clear
Just a chance that maybe
We'll find better days

'Cause I don't need boxes wrapped in strings
Designer love and empty things
Just a chance that maybe
We'll find better days

So take these words
And sing out loud
'Cause tonight's the night
The world begins again

I need someplace simple where we could live
And something only you could give
And that's faith and trust and peace while we're
Alive

And the one poor child who saved this world
There's 10 million more who probably could
If we all just stopped and said a prayer for them

I wish everyone was loved tonight
And somehow stop this endless fight
Just a chance that maybe we'll
Find better days

Without You Here
(John Rzeznik)

Your love's a gathered storm I chased across the sky
A moment in your arms became the reason why
And you're still the only light that fills the emptiness
The only one I need until my dying breath
And I would give you everything just to
Feel your open arms
And I'm not sure I believe anything I feel

And now, now that you're near
There's nothing more without you
Without you here

And I'm trying to believe
In things that I don't know
The turning of the world
The color of your soul
That love could kill the pain
Truth is never vain
It turns strangers into lovers
And enemies to brothers
Just say you understand
I never had this planned

And now, now that you're near
There's nothing more without you
Without you here
Without you here
There's nothing more without you
Without you here

My head lies to my heart
And my heart it still believes
It seems the ones who love us are the ones
That we deceive
But you're changing everything
You're changing everything in me

And now, now that you're near

There's nothing more without you
Without you here

Listen

(Robby Takac/John Rzeznik)

Why are you so green
How can you say that to me?
When did you fall from grace?
You've got a dirty face
And it's killin' me

Why don't you listen?
Why don't you listen to me?
I'm drownin' but I never felt so free

Can you follow me?
Will you justify me please?
Said you're wrong
Said you're gone
I'll guess I'll wait another night
For what you're gonna say
Back to me

Why don't you listen?
Why don't you listen to me?
I'm drownin' but I never felt so free

And I try
But I never try too long
When you're gone

Why don't you listen?
Why don't you listen to me?
I'm drownin' but I never felt so free

Why don't you listen / hear what you're missin'

Can't Let It Go

(John Rzeznik)

You said you'd light a candle
And you'd say a prayer for me
I feel the light has dimmed and gone
Half the world is begging

While the other half steals
Why is everything so wrong?

Some days I can't believe
Others I'm on my knees
Trying to be heard

I was your anger
And you were my fear
Now that it's over
Of course it's so clear
But you were no angel
And I was no sin
Somehow I can't let you go
I can't let you go again

And half the world is sleeping
While the other half dreams
You close your eyes
And then you're gone
And maybe my intentions
Have been misunderstood
I know you feel so beautifully wronged

Some days I can't believe
Others I'm on my knees
Hoping I belong

I was your anger
And you were my fear
Now that it's over
Of course it's so clear
But you were no angel
And I was no sin
Somehow I can't let you go
I can't let you go again

And laughter is my soul's release
But we're not smiling anymore
Can't we try to win this peace
'Cause we're never gonna win
Never gonna win this war

I was your anger
And you were my fear
Now that it's over
Of course it's so clear
But you were no angel
And I was no sin
Somehow I can't let you go
I can't let you go again

We'll Be Here (When You're Gone)
(John Rzeznik)

And through the fence I see a ghost
Of a place that used to breathe
You know it choked away the sun
But we still had food to eat

And now everyone is gone
To a place that won't be home
Can they keep their family strong?
Will they make it on their own?

And we'll be standing when you're gone
And we'll be heard again
We missed our chance but not for long
I know somehow we will hold on we'll be here
When you're gone

Then one day we realized
That they couldn't hear our voice
And it's so hard to understand
When it's caught up in the noise

But the ones who fight and die
Are the truth inside the lie
Now it's all built on our backs
And we struggle to survive

And we'll be standing when you're gone
And we'll be heard again
We missed our chance but not for long
I know somehow we will hold on we'll be here
When you're gone

Strange Love
(Robby Takac/John Rzeznik)

You're likin' what I say
Guess I was afraid you'd run away now
I'm loyal like a stray
Never gonna turn and run away now
A passion junkie's fix is never satisfied
You're never gonna break his heart so have some fun
abuse it

Strange Love
You're a Strange One

You washed away your yesterday
I saw you cleanin' up
A bucket full of doubts
And a little bit of power grabbin'
When it's all done
What are you gonna do
With you

A passion junkie's dog ain't got a collar on
He's never gonna break so go ahead and shake him

Strange Love
Breaks Us Down
Strange Love
Though nothing's gonna break us now

And you're actin' suprised
Oh, all of the time
Into your charms
Slips my life

Strange Love
Breaks Us Down
Strange Love
Though nothing's gonna break us now

Become
(John Rzeznik/Glen Ballard)

There's so much more about you that you never let
them see
You turn away
But not to me
And I know how they tried to take you
Held you up and meant to break you down
But you can't be

For so long I tried to reach you
I know I'm almost there
I'm close enough for you to see

You've been hiding in the shadows
Have you forgotten how we used to dream
Let me remind you
The light doesn't blind you at all
It just helps you see
Can you see

Yeah you have become

Yeah you have become beautiful

And I can't be the stranger
That's been sleeping in your bed just
Turn around and come to me
I feel all the pain inside
And everything you been denied you feel
It's all you feel

You've been hiding in the shadows
Have you forgotten how we used to dream
Let me remind you
The light doesn't blind you at all
It helps you see
Can you see

Yeah you have become
Yeah you have become beautiful
Yeah you have become
Yeah you have become beautiful

Brush back your hair and look around you
Feeling like the truth has found you here
You're here with me
Let love become the mirror
With no fear where you're from
You have become beautiful
