You read the news
Turns you inside out
And everybody feels
The same as you
Uncertain times
The onset rules apply
Caught in the blind spot
Of mirrored love

Can you feel
Real like you are?
Can you feel alive?
The way I feel your light
And the biggest chance
That we can take
Is so often wide awake
Hold me now
So we can feel alive
Tonight

I need
To feel you there
I want to know
Where I belong
And I felt the sting
The sting of corrosion
I need a safe place
To close my eyes
Can you feel
Real like you are?
Can you feel alive?
The way I feel your light
And the biggest chance
That we can take
Is so often wide awake
Hold me now
So we can feel alive

Oh, we were so lost
And there was so much more
Than you could bear

And I was cold in my defeat
You're alone and incomplete
When the sound
Could break down the walls

Can you feel
Real like you are?
Can you feel alive
The way I feel your light
And the biggest chance
That we can take
Is so often wide awake
Hold me now
So we can feel alive
So I can feel alive
Tonight
