Could you talk to me  
Honestly?  
'Cause I never heard a word you said now  
And I ain't just being mean

'Cause all we are is what we're told  
And most of that's been lies  
It's like a made for TV movie  
And I just blew my line

Someday you never made it  
And maybe it never will  
Hey, you never made it  
And ain't that unusual?

Now I feel unknown  
And it's safe that way  
Are you too bored to care or too dumb to be scared  
now?  
What's that supposed to mean?

I'm burned out on some empty reasons  
Another waste of time  
There's somethin' that I wish I'd said  
But I don't think it'd rhyme

Someday you never made it  
And maybe it never will  
Hey, you never made it  
And ain't that unusual?

See I'd love to be you  
Then at least then I'd see you  
Sorry I put them words in your mouth  
But you wouldn't talk to me, hey

You're everything, I wanna have a try  
I'm sick of everything now I'm not  
Put my heavy coat on for a while  
It's freezing in the corner of my mind

Someday you never made it

And maybe it never will  
Hey, you never made it  
And ain't that unusual?

Someday you never made it  
And ain't that unusual?  
And ain't that unusual?
