'Twas the night before Christmas  
And all through the house  
By the color TV  
Here asleep on the couch

All cozy and warm  
With a dream for the light  
Inside it's safe  
On a cold Christmas night

Do You believe in him?  
I don't know how long it's been  
Do you believe in him?  
All you got to do is let him in  
All you got to do is let him in

'Twas the night before Christmas  
And out on the street  
Through the window the snow such a holiday treat

Outside the trees and the cars in the back  
Are perfectly dressed for a wine when it's time

Do You believe in him?

I don't know how long it's been  
Do you believe in him?  
All you got to do is let him in  
All you got to do is let him in

'Twas the night before Xmas  
A man sleeps alone  
Out in the cold cause he ain't got a home

Give him a hand, give him a share  
Let's give him a smile  
Instead of a stare

Do You believe in him?  
I don't know how long it's been  
Do you believe in him?  
All you got to do is let him in

All you got to do is let him in
