I wandered through fiction to look for the truth
Buried beneath all the lies.
And I stood at a distance to feel who you are
Hiding myself in your eyes.

And hold on before it's too late.
We'll run 'til we leave this behind.
Don't fall, just be who you are
It's all that we need in our lives.

And the risk that might break you's
The one that would save
A life you don't live is still lost.
So stand on the edge with me.
Hold back your fear and see
Nothing is real 'til it's gone.

Hold on before it's too late.
We'll run 'til we leave this behind.
Don't fall, just be who you are
It's all that we need in our lives.

Live like you mean it.
Love 'til you feel it.
Its all that we need in our lives.
So stand on the edge with me.
Hold back your fear and see.
Nothing is real 'til its gone.

Hold on before its too late.
Until we leave this behind.
Don't fall just be who you are.
Its all that we need in our lives.

Hold on before its too late.
Until we leave this behind.
Don't fall just be who you are.
Its all that we need in our lives.
Its all that we need in our lives.
Its all that I need in my life.
