I need your affection  
and not your intentions now  
It's almost 10 in the morning  
Your mind is still soaring now  
and I know you're gone  
I know you're strong

I pushed back the pressure  
and savor the treasure now  
I almost muddied the water  
I made sure I caught her  
right when I knew you're on  
And I know you're strong

And It's so hard to see  
you staring right past me  
while we're struggling through the Happiest of Days  
And what you're feeling now  
Just feels so wrong somehow  
Still we're struggling through the Happiest of Days  
You'll say...

And I didn't see it like the rest of us  
having to keep things to myself  
And every day there's something it's pulling me me  
again  
but I'm understanding  
It's clear

Well it keeps you from crying  
and brings you back trying now  
I shudder to mention  
let's bury the tension now  
And I know you're on  
I know you're strong

And It's so hard to see  
you staring right past me  
while we're struggling through the Happiest of Days  
And what you're feeling now  
Just feels so wrong somehow

Still we're struggling through the Happiest of Days  
You'll say...
