There are days where I feel that  
everything that's good is gone.

There are times that I feel  
no matter what I do, it's wrong.

I walked these streets alone just  
living day to day  
I can even feel it now  
Come tell me what I'm feeling now  
You shook my dreams away

#### CHORUS

Tired of waiting around  
now  
Run away becoming  
Keep the car running

All the answers I know  
Never taking it slow  
Just keep it coming  
Keep the car running

I'm not leaving without you - you're the one I can't lose  
Say goodbye to all the things in life that tried to pull us  
down.  
Yeah, we'll be something out of nothing  
Yeah, yeah, keep the car running.

-----

And I can hear the sound of that dream  
where the engines fill the boulevard  
Innocence is never lost  
when you feel the pounding in your heart

Don't tell me it's over now -  
This ain't the time to rest

Bruised and battered, torn and tattered.

Look at me, it doesn't matter.  
Still got some fight left.

### CHORUS

Tired of waiting around  
now  
Run away becoming  
Keep the car running

All the answers I know  
Never taking it slow  
Just keep it coming  
Keep the car running

I'm not leaving without you - you're the one I can't lose  
Say goodbye to all the things in life that tried to pull us  
down.  
Yeah, we'll be something out of nothing.  
Yeah, yeah, keep the car running.

-----

We are, we are, we are the start of something new.  
Just believe it's you and me and know that we can't  
lose.  
We are, we are, we are the only thing that's true.  
Just believe it's you and me and know that we can't  
lose.

Tired of waiting around  
now  
Run away becoming  
Keep the car running

All the answers I know  
Never taking it slow  
Just keep it coming  
Keep the car running

I'm not leaving without you - you're the one I can't lose.  
Say goodbye to all the things in life that tried to pull us  
down.  
Yeah, we'll be something out of nothing.  
Yeah, yeah, keep the car running.

We are, we are, we are the start of something new  
Yeah, keep the car running.  
We are, we are, we are the only thing that's true  
Just believe it's you and me and know that we can't lose  
We are, we are, we are the only thing that's true

Yeah, keep the car running.  
We are, we are, we are the only thing that's true  
Yeah, keep the car running.
