You're such a mystery to me
I can never figure you out
I'm always waiting just to see
What you gonna do, how you gonna be right now, to
me

Now you pull me in and I feel so free
I wanna do to you what you do to me
Yeah you lift me up I never feel so high
Now you're making feel that I'm alive
No matter what I do, I always want more of you

I'm hanging by a thread feeling half alive
Gotta get to you
Can you save my life tonight
Ooh tonight

Don't wanna give up
Don't wanna back down
Never ever gonna let you go
Now you pull me in and I feel so free
I wanna do to you what you do to me
Yeah you lift me up I never feel so high
Now you're making feel that I'm alive
No matter what I do, I always want more of you

Am I ever gonna get you next to me
Come on will you give me a sign
I think we both could use some mending
No matter what you say I'm gonna make you mine

Are you gonna keep me waiting
Are you gonna let me inside
When you're coming undone
Do you wanna run away tonight
Ooh tonight

Don't wanna give up
Don't wanna back down
Never ever gonna let you go
Now you pull me in and I feel so free

I wanna do to you what you do to me
Yeah you lift me up I never feel so high
Now you're making feel that I'm alive
No matter what I do, I always want more of you

I can't sleep here alone
Could you lay down beside me
If you're by me
If the world ends tonight
And the stars they lie
I will guide you home

Don't wanna give up
Don't wanna back down
Never ever gonna let you go
Now you pull me in and I feel so free
I wanna do to you what you do to me
Yeah you lift me up I never feel so high
Now you're making feel that I'm alive
No matter what I do, I always want more of you
