I caught you stealin things you knew I'd give  
But nothin seems to matter in your life  
I've come around to what I'm gonna miss  
But nothin seems to matter here tonight

So it's sad, I'm sorry  
Guess you're going blind

Say you're free now  
Say you're free  
Cause tonight this might just mean the world to me  
Say you're free now  
Say you're free  
Cause tonight this might just mean the world

I'm well aware of what the answer is  
But another means enough to fill that space  
I'm still depending on the life of it  
But honestly it seems like such a shame  
And it's sad, I'm sorry  
Guess you're going blind

Say you're free now  
Say you're free  
Cause tonight this might just mean the world to me  
Say you're free now  
Say you're free  
Cause tonight this might just mean the world

As far as superstitions go  
They never fade away you know  
Your horoscope and your lucky stone  
Oh let em go now, let em go

Say you're free now  
Say you're free  
Cause tonight this might just mean the world to me  
Say you're free now  
Say you're free  
Cause tonight this might just mean the world to me  
Say you're free now

Say you're free now  
Say you're free now
