I caught you stealin things you knew I'd give
But nothin seems to matter in your life
I've come around to what I'm gonna miss
But nothin seems to matter here tonight

So it's sad, I'm sorry
Guess you're going blind

Say you're free now
Say you're free
Cause tonight this might just mean the world to me
Say you're free now
Say you're free
Cause tonight this might just mean the world

I'm well aware of what the answer is
But another means enough to fill that space
I'm still depending on the life of it
But honestly it seems like such a shame

And it's sad, I'm sorry
Guess you're going blind

Say you're free now
Say you're free
Cause tonight this might just mean the world to me
Say you're free now
Say you're free
Cause tonight this might just mean the world

As far as superstitions go
They never fade away you know
Your horoscope and your lucky stone
Oh let em go now, let em go

Say you're free now
Say you're free
Cause tonight this might just mean the world to me
Say you're free now
Say you're free
Cause tonight this might just mean the world to me
Say you're free now

Say you're free now
Say you're free now
