Don't take much lookin' back to know I took my coffee
black then
Nothing's different now, but nothin' seems the same
and it's alright
Your optimistic views, your hundred dollar running
shoes and
Carpel tunnel syndrome, we all had a laugh about it

I'd love to stick around but I gotta tell you all
So long
Oh so long
Oh so long
But I didn't wanna tell you all so long

Don't take much lookin' back to know I faked that heart
attack then
Nothing's different now, but nothin' seems the same
and it's alright
You always spoke the truth from circa disco Abba boots
and

All that showbiz talk, oh we all had a laugh about it

I'd love to stick around but I gotta tell you all
So long
Oh so long
Oh so long
But I didn't wanna tell you all so long

Oh so long
Oh so long
But I didn't wanna tell you all so long

I gotta get back to where I belong
Long
Oh so long
Oh so long
But I didn't wanna tell you all so long

So long
Oh so long
Oh so long

But I didn't wanna tell you all so long
