You need someone to hold you
You need somethin' that you ain't been getting
Yeah, I could be the one
To tell you what to do, but it don't mean nothing
And you're holding on forever
But that something just ain't true
I'm just like you
And I know
It's what I'd do
Here I go

Cuz I couldn't stop the world, cuz I loved you
I couldn't stop the world, and I don't want to
I couldn't stop the world, and I won't
Cuz it ain't enough

You had another bad day
You let me know that you just can't take it
I've given up on you
You live in truth and I know I can't fake it

Cuz the stars you see on dirty sidewalks

And they ain't for wishin', ooh
They don't come true
And I know, it's what I'd do
Here I go

Cuz I couldn't stop the world, cuz I loved you
I couldn't stop the world, and I don't want to
I couldn't stop the world, and I won't
Cuz it ain't enough

Am I too young for the world?
I'm not too young for the world
And I can't change for the world
(I don't need to stop the world)
'Cause I don't care for the world
(I'm too young, I'm too young)
I don't make sense to the world
(I don't need to stop the world)
(I'm too young, I'm too young)
